#### The Orleans School Building.

That the people of Orleans are deeply interested in the new school building was evidenced by the large attendance at a special school meeting in Opera Hall Thursday evening. The meeting was called to order by the school trustees to see if the district would appropriate a sum of money in addition to the \$50,000 voted November 15th, for the purpose of constructing a new high school building. At that meeting plans were presented by the building committee with an estimated cost of \$50,000 and that sum was voted and the school trustees instructed to hire not exceeding that sum for the purpose. Later figures seemed to indicate that \$50,000 would not be sufficient to complete the plans. Hence another meeting.

The committee estimated that \$85,000 would complete the proposed building and pay for the lot. Other estimates indicated \$75,000 or more. A free discussion followed. A motion to appropriate \$15,000 more was lost by the very decisive vote of 180 to 55. No word was spoken against a new school building. The need is conceded. The questions were size, plans and costs. Many felt that \$50,000 would build all that a \$9,100 grand list would warrant. The weak point in the proposal was that there were no actual bids to substantiate the estimate of \$85,000. Had there been present actual bids that would show the building completed for \$85,000, the vote might have been far different.

The plan under consideration was for a building 134x90, one story above the basement. Many believe that a building covering less ground and with one additional story would give an equal amount of room, cost less to construct and far less to maintain. And again the weak point—no plans or bids to confirm the proposition.

Others feel that building costs are far from normal, and that costs will be materially less within the next few years. Meantime the acute demand for more room is still unsatisfied.

As the matter now stands the district has voted \$50,000 to construct a building as per plans presented November 15th, subject to minor alterations by the committee.

Again we say let us hope that a conclusion may be reached upon which, in years to come, we may look back with a feeling of satisfaction and no regrets.

### Resolutions of Respect.

Whereas death has again entered our Chapter and taken our sister, Mrs. Nellie E. Brennan, we bow in reconciliation to the will of our loving Father, inasmuch as He has removed her from her great suffering to one of His many mansions prepared for those "Who have crossed the bar."

Therefore resolved: We realize our Chapter has lost a good member. As long as she was able to help in the work of the O. E. S. she was ever a faithful and willing worker. Now may rest and peace come to her weary soul.

Resolved: To her husband, son and daughters we tender our heartfelt sympathy, as we realize to them comes the greatest loss and sorrow. May God bless and comfort you as He alone can do, is our prayer for you.

Resolved: That the charter be draped and a copy of these resolutions be sent to her home, also be copied on the records of our Chapter and published in the Orleans County Monitor.

Mrs. G. P. Adams,
